INCLUSION POLICY OF TUYITU FOUNDATION SCHOOL

Inclusion is an on-going process that aims to increase access and engagement in learning for all students by identifying and removing barriers. Inclusion is about responding positively to each individual's unique needs.

'The real meaning of inclusion is when we all get empowered to understand the needs of each child and are able to address it by going down to their level.'

Tuyitu Foundation School, Chumoukedima is committed to inclusive education. The main focus of this policy is to assist the school staff in strengthening the focus on inclusion through effective strategies, planning and pedagogical processes. The school seeks to identify the barriers the students may face in school and identify various ways to overcome these barriers. Through this policy the school seeks to prevent discriminatory attitudes by creating a welcoming school community .

The school is especially committed to children with special needs by making sure that the teachers and staff take all the necessary measures to ensure that children with special needs are included by other students, are provided opportunities to develop friendships, develop their social and communication skills .

At Tuyitu Foundation School ,we look forward to accepting students with different learning disabilities and also to providing a curriculum which will help them integrate to society and the general workforce.

The school also has developed its infrastructure keeping in mind the need for inclusion.The building as well as the toilets has been made accessible for all students using wheelchairs .

Students with special needs will also be supported through remediation and reinforcement .The special educator will also provide specific inputs and support in the development of lesson plans.The school will also ensure that the such students are properly integrated with the other students.

The school will also take the advice and experience of visiting professionals such as child psychology from time to time.The school will also ensure that special attention is given to such children in the area of physical education,drama,art and craft ,computers and performing arts,along with emphasis on language and communication skills.

The school principal will also ensure that the teachers are trained in inclusive practices.
