NOTICE

This is to inform all Parents/Guardians of those using the school transportation, that the bus fares have to be paid on a running month basis, i.e., the bus fare for every month should be paid before the 10th of that month itself and not as informed earlier. Only for the month of April, we had told you to pay by the 15th of May 2024, as the school started on the 22nd of April. Thus in the earlier notice we had not mentioned that the fare for May should also be paid in the month of May itself. For the month of April and May, parents are requested to pay before the 20th of May, as today is already 15th of May and in the coming months onwards, parents are to pay before the 10th of every month. I request all parents to follow the said timings and pay the fares in time, so that we can serve you better. Inconvenience is regretted.

Thanking you

Yours sincerely,

Headmaster
